

Antonio Bandrés, Director ICO, Head of International Financing

Antonio Bandrés Cajal has a degree in Economics and Business Administration from the University of Zaragoza and Grenoble.

He began his career in retail banking in Bantierra and joined the ICO in 2001 as an International Financing technician. Later he was responsible for the areas of International Financing and Project Financing. Between 2011 and 2013, he directed the Infrastructure Area of Axis Participaciones Empresariales, a venture capital management company of ICO.

The Directorate of Direct and International Financing has the mission of managing and promoting the direct credit activity of ICO, supporting Spanish companies inside and outside our country. Apart from the ICO balance sheet and within the International activity of this sub-directorate, the Institute as a State Financial Agency is in charge of the management and administration of the State Funds; FIEM, Fonprode, Fondo del Agua and CARI and the recently created program to grant International Guarantees.

The Corporate Finance and Restructuring Area, the State Funding Area for Internationalization and the International Financing and Guarantee Area depend on the Direct and International Financing department.
